Assignment: 2.3

```
FUNC Solution(Array A):

    Counter = 0

    ret = 0

    FOR a IN REVERSED:A

        If a:
            Couter ++

        ELSE:
            ret += Couter

    IF ret > 10**9:

        RETURN: -1

    RETURN: ret
```
